Execution of a Memorandum of Understanding (MoU) with Orient Commercial Joint Stock Bank (OCB) to Establish a Strategic Partnership in Vietnam

CCI CrossBorder, Ltd. ("CCIX") is pleased to announce that it has entered into a Memorandum of Understanding (MoU) with Orient Commercial Joint Stock Bank ("OCB"), a commercial bank in Vietnam, regarding a business alliance aimed at establishing and promoting a strategic partnership between the two companies.

Through this alliance, CCIX and OCB—working together as equal partners—will mutually leverage CCIX's network with Japanese companies and business corporations, and OCB's customer base, financial functions and corporate network in Vietnam, to jointly promote support for the growth of Vietnamese companies, financial and business collaboration between Vietnam and Japan, and support for Japanese companies entering and developing their business in Vietnam.

1. Purpose of the Alliance

The purpose of this MoU is for the two parties to establish and promote a strategic partnership by mutually leveraging each party's knowledge, network, customer base and business opportunities. The main objectives of the cooperation are as follows:

- To enhance financial and business support for Vietnamese companies;
- To create business, financing and lending opportunities by leveraging the networks of both parties;
- To support Vietnamese companies' access to the Japanese market;

- To support Japanese companies' entry into Vietnam and their local business development; and
- To promote economic cooperation and cross-border business collaboration between Vietnam and Japan.

Outlook

By collaborating with OCB, a leading commercial bank in Vietnam, this alliance aims to advance—in a more practical and execution-oriented manner—support for Japanese companies entering Vietnam and for the growth of Vietnamese companies and their access to the Japanese market.

The two parties will continue to engage in ongoing discussions and execution with a view to further deepening cross-border financial and business collaboration between Vietnam and Japan and contributing to the sustainable development of both economies.
